Ranjan Kumar

Drupal Full-stack Developer

✓ CAREER OBJECTIVE

To contribute my skills as a **Drupal Full Stack Developer** in a dynamic and growth-oriented environment, where I can continuously enhance my expertise while delivering high-quality, profitable solutions for the organization. I aim to align my professional growth with the company's success by applying innovation, dedication, and technical excellence to every project.

✓ SUMMARY

- ✓ I am a **Drupal Full Stack Developer** with **5 years of experience** in UI/UX design and full-cycle web development. Skilled in **Drupal (frontend & backend)**, **HTML5**, **CSS3**, **Sass**, **JavaScript**, **jQuery**, **Ajax**, **XML**, **JSON**, **REST API integration**, and **custom module/theme development** using **Twig** components.
- ✓ My experience spans **eCommerce solutions**, responsive and mobile-first websites (Bootstrap), and performance-optimized applications for smartphones, tablets, and desktops. I specialize in creating seamless, user-friendly experiences while developing key functions that ensure smooth site performance across devices.
- ✓ Known for **excellent analytical, communication, and problem-solving skills**, I work independently or in teams with a strong focus on meeting deadlines and delivering mission-critical solutions. Committed to innovation, quality, and adding measurable value to every project.
